KRISTINA TRUDORUDO

Full Stack Web Developer

PROFILE

I am an avid learner. I like to take new challenges with passion and perseverance; Professional and personal growth is very important to me; as well as resolving new problems and learning new things relying on previous knowledge and experience. Given my background I have different perspective that I can bring to an organization that values creativity and ingenuity.

While I am still in School to become a Full Stack Developer graduating in August of 2019, I'm taking the initiative in my future career by putting my name and face out into the Developer Community.

I am currently looking for my 1st opportunity in the industry as an intern. Where I can learn, grow and develop my skills in a professional environment.
